Dear PSC:

First, you ALLOW a \$9 BILLION boondoggle to just...you know...go along until...\$9 billion later, NO NUCLEAR plant! Sorry!
We messed up...but pay us...NOW!

OK, so climate change is RAVAGING our world and DESTROYING our young peoples' future, and YOU want to allow
Dominion to kill solar?

Talk to your children and see what they think. And then show some backbone. DO YOUR JOB.
